

NEAT-Ticketing News

Welcome to our Newsletter where you can read the very latest product information, customer testimonials and company news from NEAT-Ticketing (Nouveau's Events and Ticketing Solution).

NEAT-Ticketing News

We recently attended the annual ETT (Europe Talks Tickets) Conference in Amsterdam which brings together ticketing and marketing professionals.

We were proud to be sponsored by Microsoft and co-delivered a CRM workshop which was very well received.

It was a great opportunity to catch up with acquaintances and hear about the exciting ticketing projects that delegates are undertaking.

In addition, we received strong interest from UK and Holland based ticketing agencies who see NEAT as a commercially advantageous platform in place of using well recognised global ticket agents.

Charterhouse School selects NEAT-Leisure

"We are enthused by the prospect of implementing NEAT-Leisure. This is a software package that truly understands the business needs of the school, providing much needed integration of the commercial requirements of the sports facilities, events and lettings with those of the catering, domestic services and maintenance departments.

Based on a core Microsoft platform, we feel confident that even temporary staff will be able to use it" comments Tim Ostle, Commercial Director.

Fundraising Module

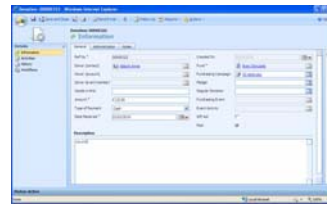

NEAT Fundraising is an end-to-end management tool to simplify process, automate tasks and maximise financial return.

Unlike other stand-alone packages, NEAT-Fundraising integrates directly into the CRM platform (Microsoft Dynamics) and utilises its core capabilities. It also integrates directly into Microsoft Office, a familiar working environment.

It is adaptable to meet any organisation's way of working.

NEAT-Fundraising can be supplied as a separate module of NEAT-Ticketing or be deployed alongside NEAT-Ticketing to gain maximum benefit.
